To Whom It May Concern

This is to certify that Azat Foundation Balochistan was contracted by UNHCR between 2010 to 2016 in Education sector under Refugee Affected and Hosting Area (RAHA) Program to undertake various construction works.

Azat Foundation completed six projects, which contributed to creation of a conducive and educational friendly environment in the public schools of Chaghi and Noshki, ultimately leading to achievement of overall RAHA objective of Social Cohesion and peaceful co-existence among local and Afghan refugee communities. The projects completed are listed below:

Year	Project Title	District	Cost (PKR)
2010	Creating a Conducive environment in Schools by Provision of missing facilities	Chagai	9.16
2011	Creating a Conducive environment in Schools by Provision of missing facilities	Chagai	15.45
2012	Creating a Conducive environment in Schools by Provision of missing facilities	Chagai	6.77
2013	Restoration of Infrastructure and Sanitation in Refugee Hosting Area	Chagai	16.18
2014	Creating a Conducive environment in Schools by Provision of missing facilities	Chagai	4.73
2015	Rehabilitating Public Structures, Services in Refugee Hosting Areas	Chagai	20.35
2016	Rehabilitating Public Structures, Services in Refugee Hosting Areas	Noshki	23.92
Total Project Cost (PKR)			**96.55**

Azat Foundation assembled experienced and professionally sound teams who executed projects within the timelines, achieving the planned results and making a difference into the lives of UNHCR persons of concern. Azat Foundation has been very flexible and responsive in the partnerships. The organization has good understanding of the field dynamics and capacity to mobilize communities.

UNHCR's overall partnership with Azat Foundation has remained very fruitful and rewarding.

Yours sincerely,
